

BACKLIGHT 48S

Whether you are looking for high impact awareness, to underpin brand stature or simply drive conversation, Outdoor Plus' portfolio of London Backlight 48s are ideally placed to deliver. Each panel has been carefully selected on major arterial routes to optimise cover and maximise the delivery of a high value commuter and business audience. In line with our commitment to help you meet your brief as efficiently and effectively as possible, these panels can be planned on an individual basis or as a network of panels.
