

# WEMBLEY WAY

HA9 6DE

Located just 1.2 miles from Wembley Stadium, Wembley Approach has two high definition digital screens located East & Westbound on the A406. Known as a key commuter route linking the A40 Westway and the M1.

With 5 lanes of traffic either side, this location is a TFL traffic hotspot and delivers a fortnightly audience of over 960,000. It is less than a mile from the iconic Wembley Stadium and within 1.5 miles of London's largest IKEA superstore.

Both screens are situated in an area of true media scarcity, allowing brands the opportunity to really stand out and capture the attention of a unique & previously untapped London audience.

More on the location:

The A406 is a 25-mile-long ring road around central London. It runs from the affluent Borough of Richmond Upon Thames, in the west, through to the Royal Borough of Greenwich, in the East. The location is ideal for brands wanting to target Brent cross shoppers & any events taking place at Wembley stadium.
