

Vauxhall Cross

Nine Elms

Vauxhall Cross is an absolute must-have London location for any premium advertiser. Two state of the art screens, architecturally designed, provide brands with the ultimate landmark digital out of home location.

The Vauxhall Cross & Nine Elms area is under-going a major £15bn regeneration programme - including Battersea Power Station & the new US Embassy.

Six major routes converge at Vauxhall Cross, taking people to the City, Westminster, Central London & Mayfair ... essentially it is one of the key traffic hotspots in London and has always been a prime OOH location. This screen delivers 1,602,050 million impacts (with a 31% AB bias) every two weeks.
